ISOLATION GOWN

WITH HEADGEAR AND SHOE COVER

This high-quality, sturdy gown with long sleeves and cuffs protects against infections.

It is supplied with my hood and overshoes with long cuffs, so that in combination with an FFP2 mask, goggles and gloves a complete frontal protection of

the body is guaranteed. The breathable, lightweight material is anti-static. The extra long cut allows an especially good protection.

Available in blue, packaging unit a' 100 sets.

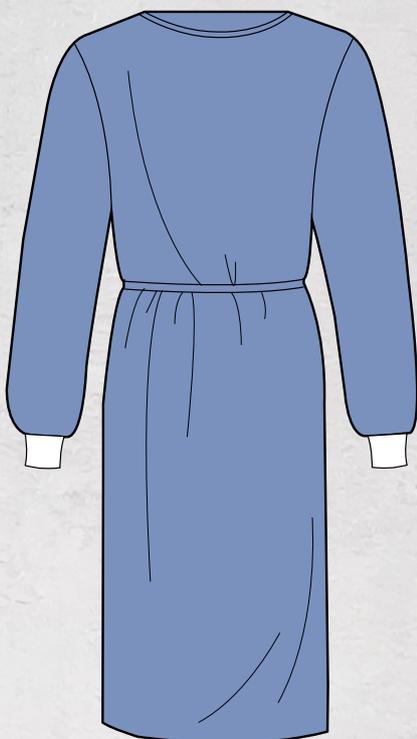

MATERIAL:

made of non-woven fabrics

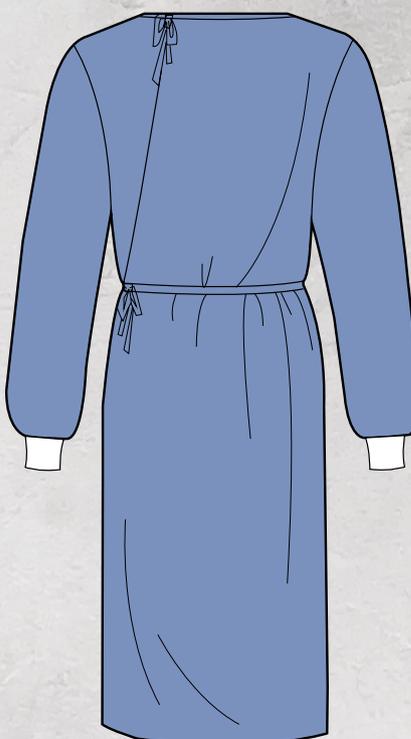

APPLICATION:

applicable to common isolation such as patient reception, inspection and quarantine, etc.
